Network Architecture

# Arch

Computer Architecture

# Faculty

Osamu Nakamura
( osamu )
Web, IPv6, Wireless

Rodney Van Meter
( rdv )
Quantum computing

# Doctor

Yohei Kuga
( sora )
Network measurement

Takeshi Matsuya
( macchan )
Network Environment by FPGA

Regular Meeting :    Thursday 18:30~ ΔN111

Laboratory :    Δ North

General Language :    C [, Verilog ]

Tendency :    Speed prioritized

Contact :    arch@sfc.wide.ad.jp

Undergraduate research example

| | |
|---|---|
| Visualization | Distributed computing |
| Low delay data transmission | Communication protocol |
| General Purpose GPU | Parallel computation compiler |
